What does "biodiversity" mean to you?

29 responses

Is biodiversity linked to your agency mandate?

What biodiversity area do you focus on?

18 responses

What is a National Biodiversity Strategy and Action Plan? Or what do you think it is about?

Our country's roadmap to achieve global biodiversity goals and targets within our national context

A framework and commitment to protect and enhance global biodiversity

Actions needed by the nation to look after our biodiversity

It's about creating a plan looking at the future of the environment and also having records of restoration, preservation and education

Guiding document to sum up a collective vision to give direction to diverse efforts

E kaveinga tauturu I te Taporoporo I te au mea natura

NBSAP would ensure we have a roadmap to protect our biodiversity.

A strategy that prevents the overcrowding or dominance of invasives so there's more diversity in our environment

What is a National Biodiversity Strategy and Action Plan? Or what do you think it is about?

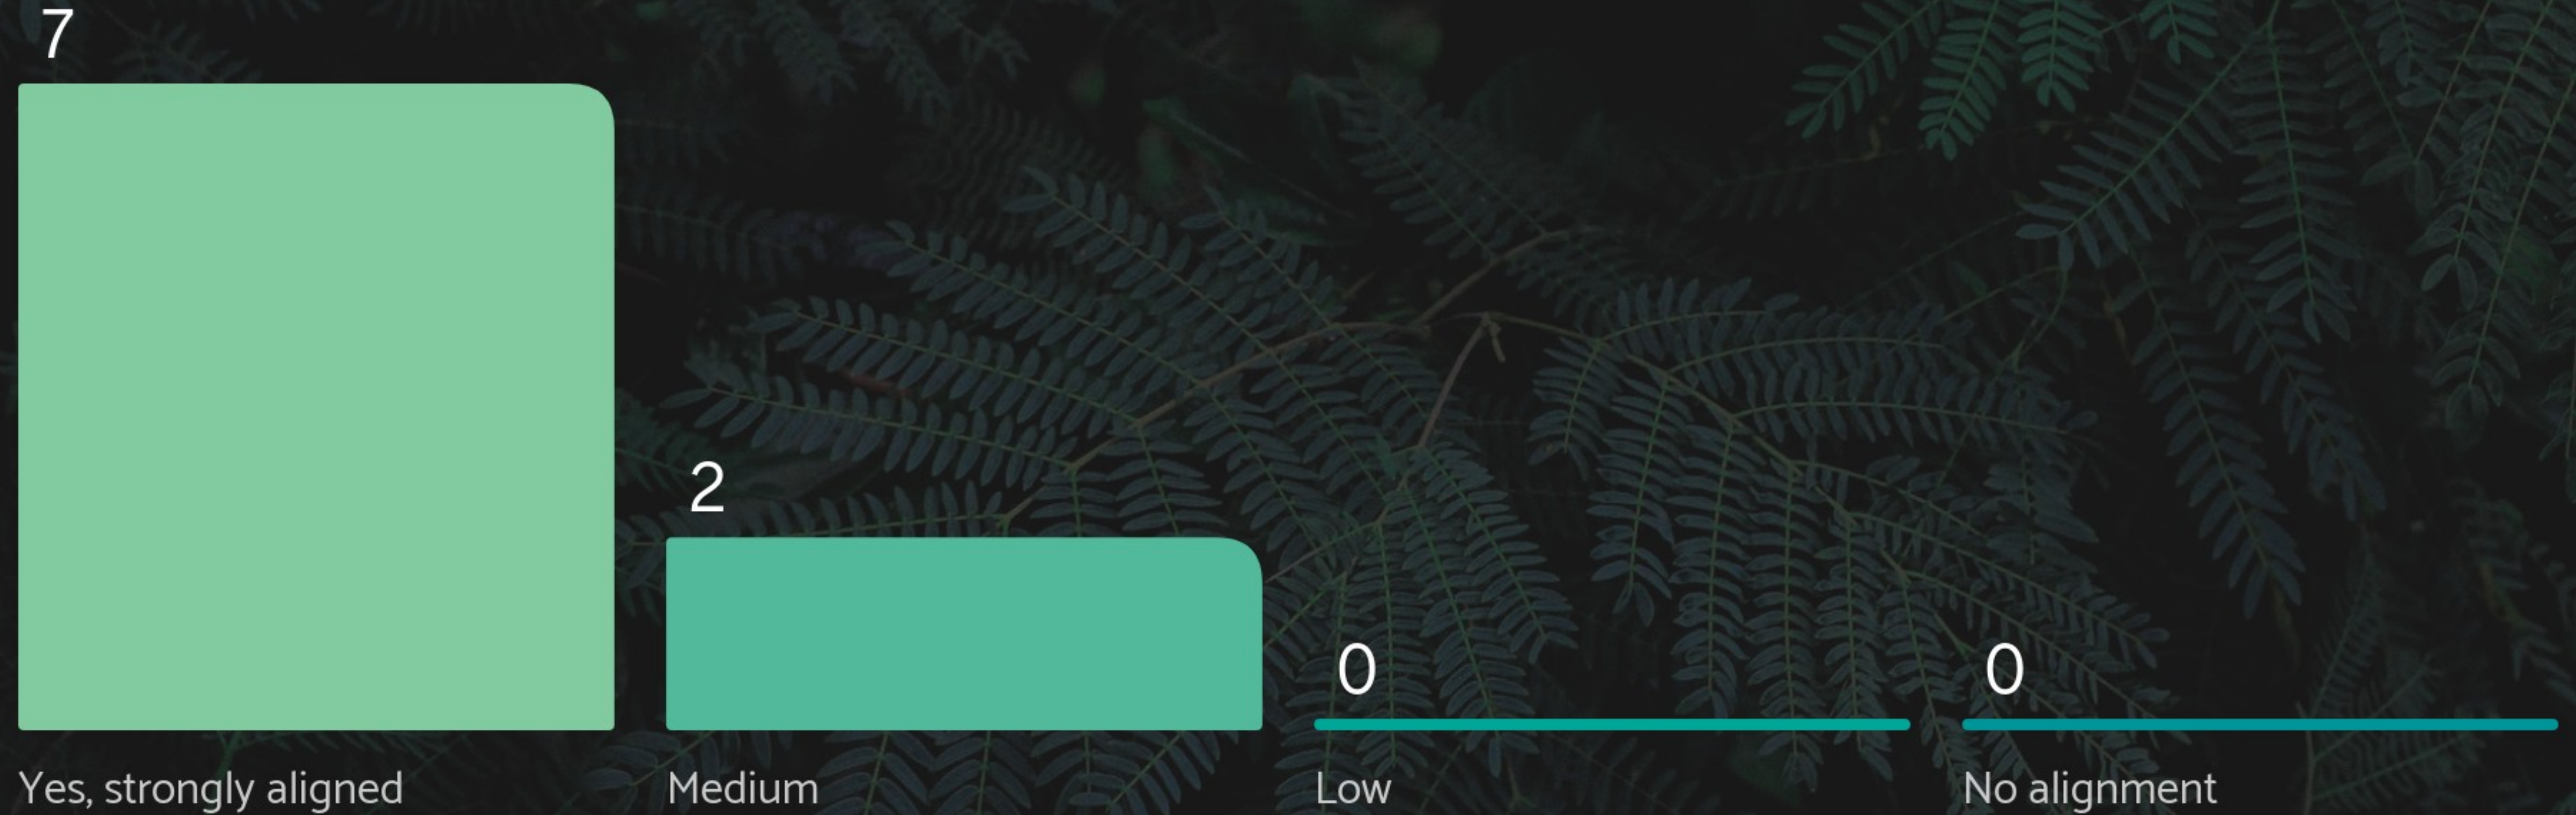

To pitch a plan for the future

Post-workshop survey

Instructions

Is biodiversity linked to your agency mandate?

Is biodiversity captured in your agency plans or policies? Please name the plans/policies below
